

# 改字教程

## Change the word tutorial

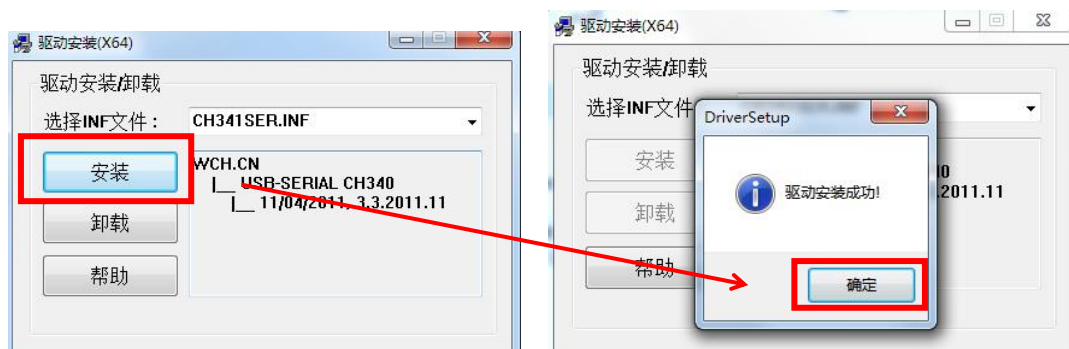

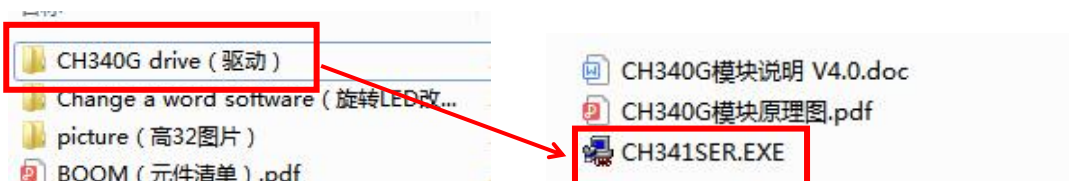

1、Open the transparent tube cover and connect the USB cable to the computer U port

打开透明管罩连接好 USB 线到电脑 U 口

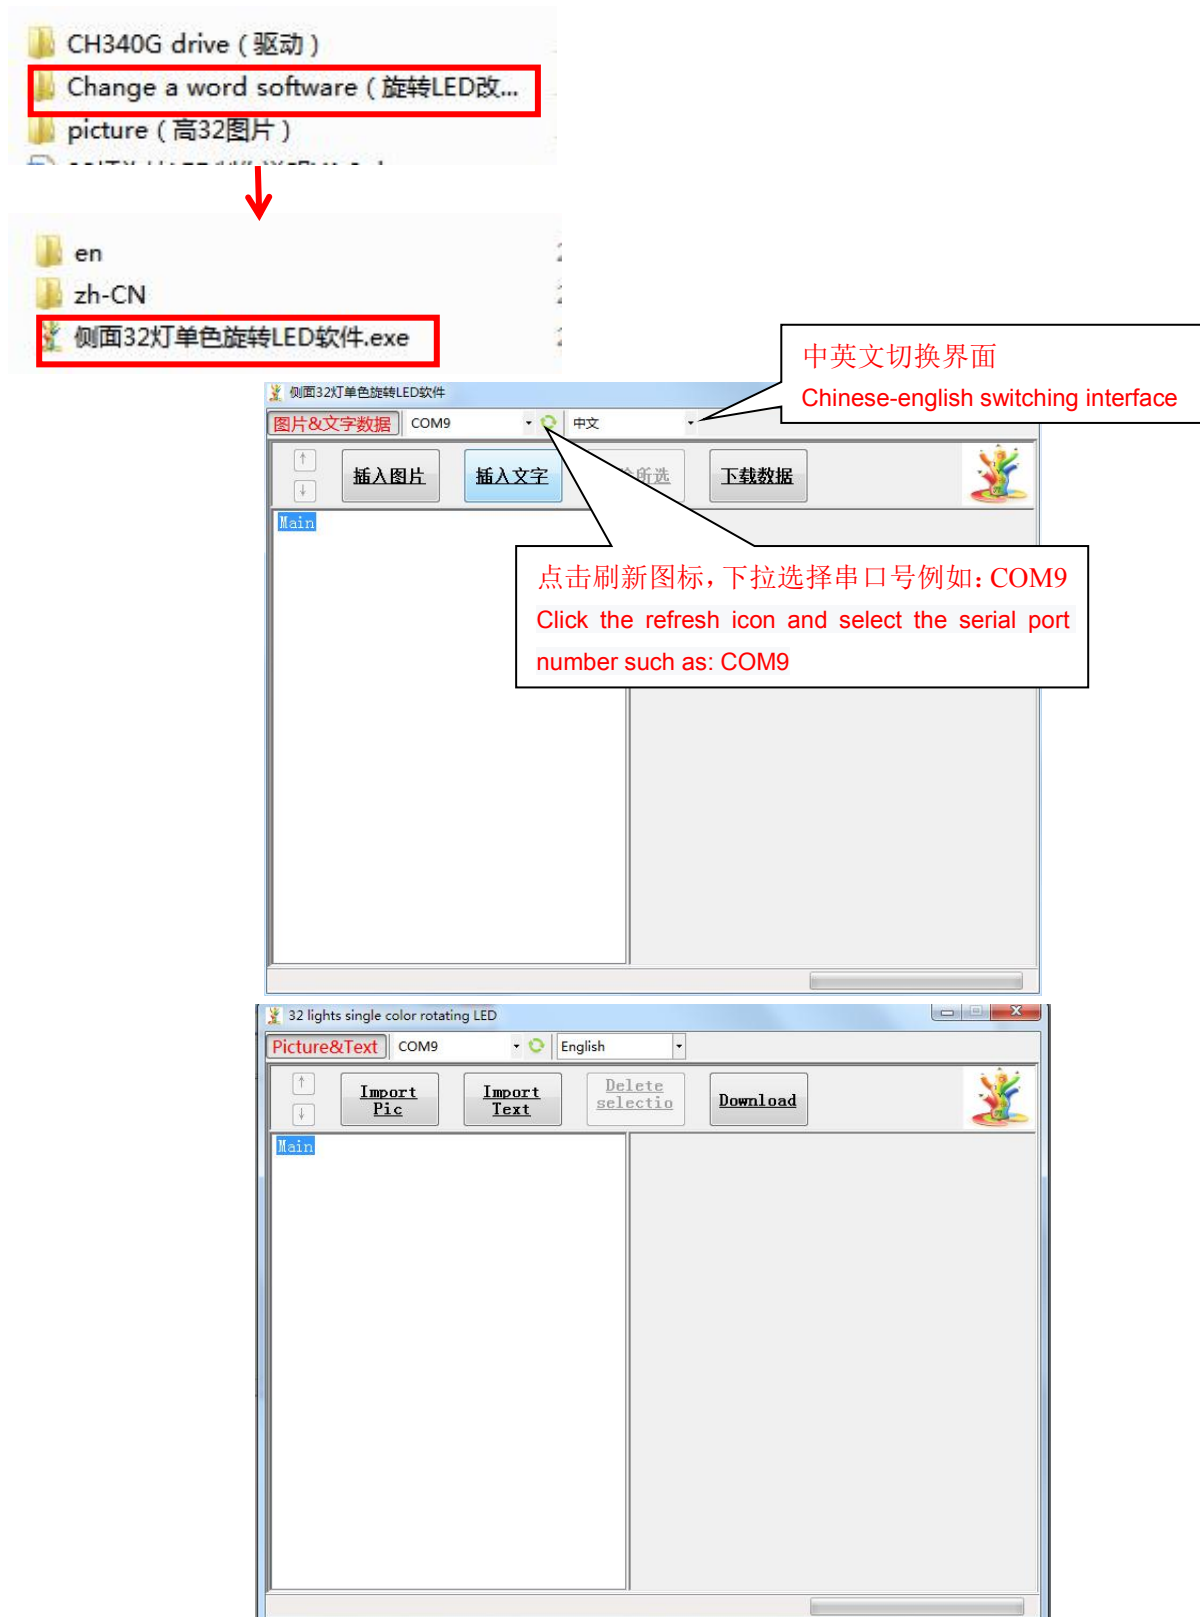

2、Open the CH340 Driver pack folder and install the USB drive

打开 CH340 驱动包文件夹并且安装 USB 驱动

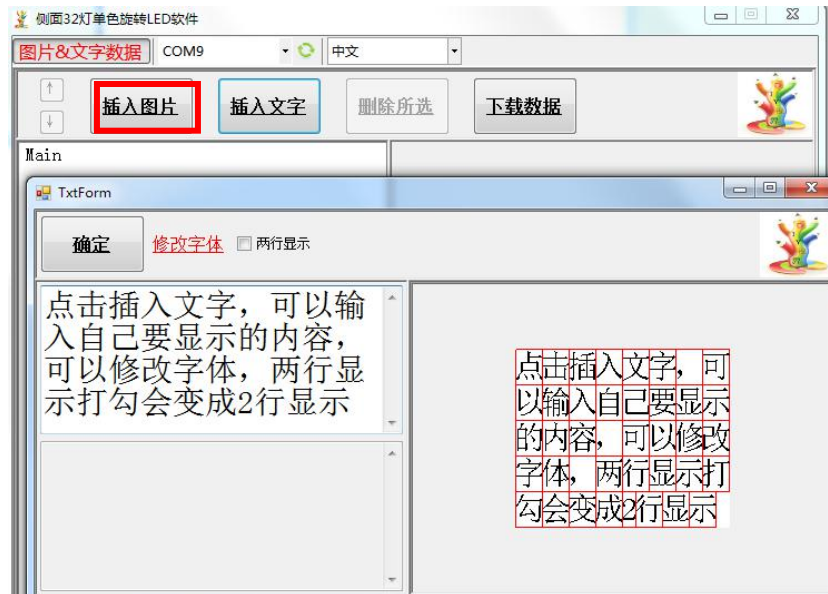

3、Open the word change software and refresh the serial port to display COM9（打开改字软件，刷新串口后这里显示例如：COM9）

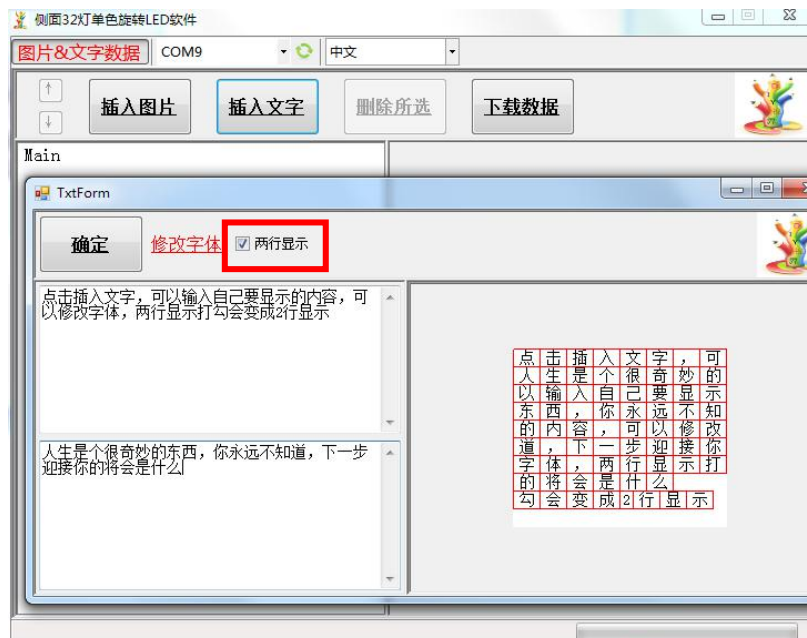

4、Insert text function, support branch display, support to change font, support for various languages and symbols (插入文字功能，支持分行显示，支持改字体，支持各国语言以及符号)

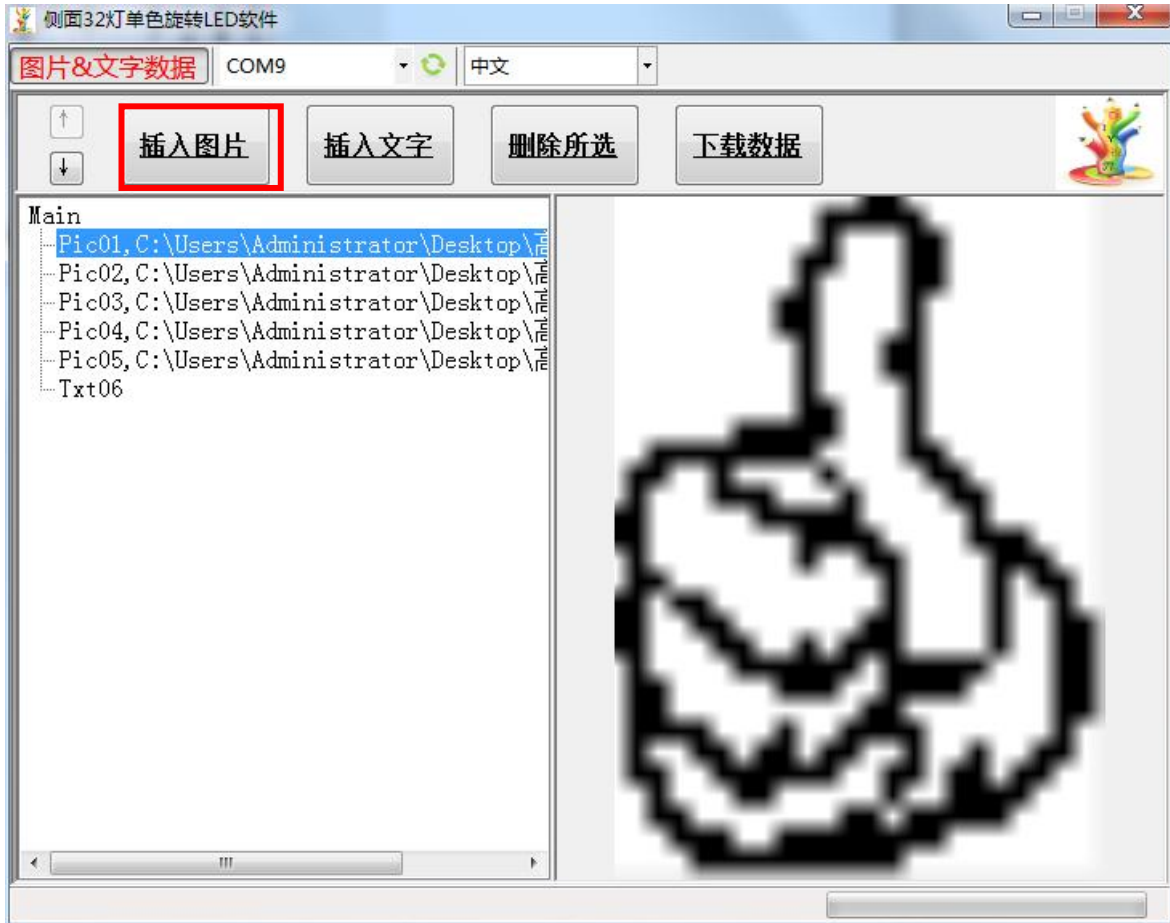

Insert text function, support branch display, support to change font, support for various languages and symbols. Tick two lines to display, there will be two input boxes, display different content, pay attention to the two lines display with more words in a set of calculation loop, so try not to too much difference in the number of words in the two input boxes. (打勾两行显示，会有 2 个输入框，分别显示不同的内容，注意两行显示的时候以字比较多的一组计算循环，所以尽量 2 个输入框的字数量不要差太多)

5、Insert image function. Click insert image to import more than one image with a height of 32 pixels (插入图片功能，点击插入图片，可以多张同时导入高度为 32 像素的图)

6、Switch the display order, after editing the picture and text to be displayed, can be moved up and down to arrange the display order, as shown in the figure Txt06 displayed text moved to picture 2 display, can insert multiple groups of pictures and text, up to 666 32 high text, about 50 pictures (切换显示的顺序, 编辑好要显示的图片 and 文字后, 可以进行上下移动来安排显示的顺序, 如图把 Txt06 显示的文字移动到图片 2 显示后面, 可以插入多组图片和文字, 最多支持 666 个 32 高的文字, 图片大概 50 张)

7、Finally, click to download the data. After the LED is rotated and connected to the power, it should be the water lamp. If the prompt is sent successfully, it is deemed that the word modification is successful (最后点击下载数据, 旋转 LED 接好电后应该是流水灯的, 发送完成提示发送成功就算是改字成功了)

May all buyers learn relevant knowledge in the process of making and using, so that the value of learning goes beyond the value of the kit. If the above information does not understand the place, please contact customer service! Thank you for your support for DIY Vision! (愿所有买家在制作与使用的过程中学到相关的知识, 让学习的价值超出套件的价值。如以上资料有不明白之处, 请联系客服! 感谢您对 DIY 视界的支持!)
