延长线

说明书

保修卡

※本说明中涉及的外观、结构、软件和功能等仅供参考,由于型号不同和产品升级,您购买的产品可能与本说明存在差异,请以实物为准。

智能连接

1. 安装软件

在华为、小米、谷歌、百度、腾讯、360、苹果商店等手机应用商城,搜索“天眼热成像”,即可下载安装APP。

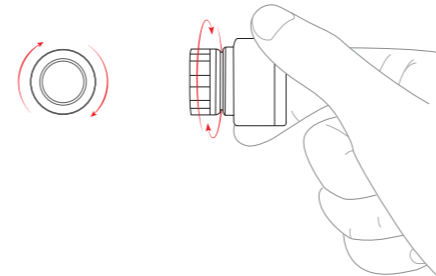

2. 连接设备

将“天眼智能手机热像仪”插入手机 USB 接口,弹出软件使用提示,点击“确定”,即可使用。

3. 手动调焦

查看手机红外热像画面,手动调节热像仪镜头至目标清晰。

※ USB Type-C 接口支持OTG功能的 Android 6.0以上系统。

注意事项

请勿直视太阳等高强度辐射源

请勿碰撞镜头

请勿湿手触摸设备和USB接口

请勿弯折或损坏各连接线缆

Instruction

Warranty Card

※The appearance, structure, software and functions mentioned in this instruction are for reference only. Due to different models and product upgrades, the product you purchased may differ from this instruction. Please refer to the actual product.

Connection

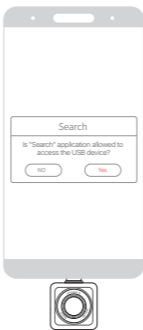

1. Installing Software

Search "infraredx.search" in app stores of Google, Huawei, Xiaomi, Baidu, Tencent, 360, App Store, download and install the APP.

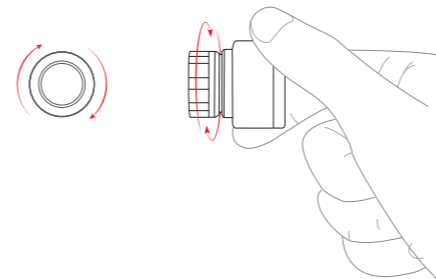

2. Connecting Device

Insert the camera into the USB interface of the phone, and use it by click "YES" after APP display usage tips.

3. Manual-Focus

Check the infrared image on the phone, and manually adjust the camera lens till the target is clearly displayed.

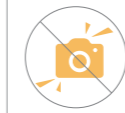

※ USB type-c interface supports Android 6.0 and above system with OTG function.

Cautions

Please do not look directly at high-intensity radiation sources, such as the sun.

Please prevent the lens from collision.

Please do not touch the device and USB interface with wet hands.

Please do not bend or damage the connecting cables.
