Support system: Android / IOS

Preparation for use

1.APP Download Smart Life APP

Please scan the QR code or download Smart Life on App store.

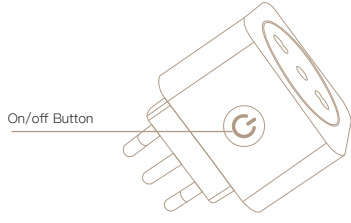

2.Register or Login

- Download "Smart Life" Application
- Enter the Register/Login interface; tap "Register" to create an account by entering your phone number to get verification code and "Set password". Choose "Log in" if you already have a Smart Life account.

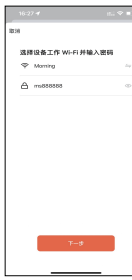

Steps for connecting the APP to the device

1. Press and hold the device button for more than 5s, the indicator light flashes to enter the network configuration mode.

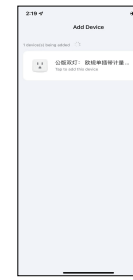

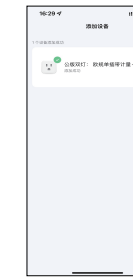

On/off Button

2. Open Smart Life/Tuya App and Click"+",then the prompt page will automatically show on the screen.Click "Add". Enter Wi-Fi Password and click "Next",waiting for the connection completed.

3. Add the device successfully, you can edit the name of the device to enter the device page by click "Next"

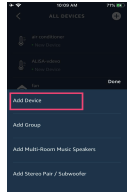

4. Click "Done" to enter the device page to enjoy your smart life with home automation.

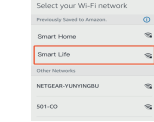

Enter Smart Life Skill in Alexa APP

- Complete product networking configuration in the App Complete the device's networking configuration according to the prompts in the App. Note: In the App, change the name of the device to an easily identifiable name such as Alexa; names are usually in English, such as "bed light".
- Configure the Amazon Echo device (If you have already configured Amazon Echo, you can skip this step. The following instructions are based on the IOS client.)
 - Make sure you Amazon Echo device is powered on and connected to a Wi-Fi network.
 - Open the Alexa App on your phone. After successful login, tap on the menu in the upper left corner of the Home page, select "Settings" and tap "Set Up A New Device" to set up the Amazon Echo.
 - Choose your Amazon Echo device type and language for connecting. Press and hold the small dot on the device until the light turns yellow. Then tap "Continue" to connect to the hotspot.

• After connecting to the Amazon Echo hotspot, return to the page. At this point, the connection is successful.

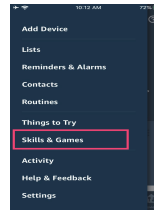

Tap "Continue" to proceed to the next step. Choose a Wi-Fi network to connect to. Amazon Echo will take a few minutes to try to connect to the network.

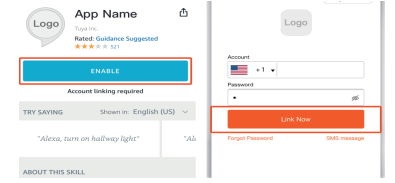

• After the network connection is successful, tap "Continue". An introduction video will appear. After the video ends, tap "Continue" to jump to the Alexa Home page. You have now completed the Amazon Echo's configuration process.

3. Key step —— Link Skill

• Tap on "Skill" in the Alexa App menu.

• Then search for "App Name". Tap "Enable" to enable the Skill.

with the following commands:
Alexa, turn on/off bedroom light. (Turn on/off the light)
Alexa, set bedroom light to 50 percent. (Set the light to any brightness)
Alexa, brighter/dim bedroom light. (Increase/weaken the brightness of the light)
Alexa, set bedroom light to green. (Adjust the color of the light)

Enjoy your smart life of home automation for lighting control by using our All-in-one mobile App wherever you are in the world or simply by voice control when you are sitting at home comfortably.
