

Upgraded version BD16 Rechargeable corner Torch (Headlights)

Product material: 6 series aluminum, hard surface oxidation treatment

Product size: Long 120mm * Diameter 26.5mm

Product weight: Flashlight + battery 170g

Use the battery: 1 Node 21700 Lithium battery 70g (pointed or flat)

Voltage range: 2.65-4.2V

Circuit function:

Constant current output drive

Low voltage Caution

Battery reverse-connection protection

Battery overcharge, Over-release protection

Type of switch: Stainless steel rechargeable Switch

Lamp type model: Luminus SST40 2000 lumens

Light spot size: Beam angle of 3 meters, 13° 19'

Firing range: About 200 meters

Gear: 8 gears are available

Gear control:

1. Press the switch for 1 second, Enter the highlight

2. Double-click the switch, Enter the low level.

Note: The flashlight is turned on, and the switch shows blue. Automatically shut down after 10 seconds. If the battery is less than 20%, there will be a shiny prompt.

Shifting operation: After the flashlight is turned on, Press the switch to change gears, and the order of transformation is as follows:

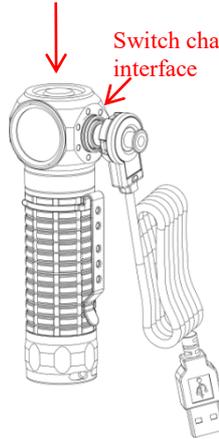

1. Highlighting gear 920 lumens lasts for about 4 hours (about 56°C)

Medium-bright file 350 flumens lasts for about 8.5 hours
Low brightness 80 liumins for about 28 hours (Cyclic gear).

2. Double-click the switch to enter the extremely bright gear of about 2,000 lumens. At this time, the surface temperature of the flashlight is about 62°C (use it with caution for those who are afraid of scalding)

3. Three-click the switch to enter the flash → SOS → search function (the main light is not on and the switch light is on)

Cigarette lighter
Press four times to open.

4. Four clicks to enter the cigarette lighter mode, and it will automatically turn off 6 seconds after entering.

Charge Method:

Firmly connect the charging connector to the switch and connect it to the USB4.5-5V power supply for charging.

When the flashlight is charging, the charging connector window shows RedColor; when it is full, it shows green.

Accessories: Gift box*1, flashlight*1, Headlight belt + flashlight clip (pin the flashlight on the flashlight clip as shown above, and you can wear it on the head as a headlight)*1, Dedicated charging connector*1

Warranty instructions:

From the day of receipt 365 Failures with non-human damage within days are free of charge. Maintain. Batteries and lenses are not covered by the warranty.

Technical services are provided for products that do not meet the free conditions, and only material fees are charged when parts need to be replaced for maintenance.
