RF OUT to ANT by Metal end of porcelain post

6、GND GND to GND Screw

POWR line

A blue plastic container, possibly a bucket or a large bottle, is shown. It has a metal post and a porcelain post. The metal post is a silver-colored rod with a hexagonal base and a hexagonal nut. The porcelain post is a white ceramic rod with a hexagonal base and a hexagonal nut. The container is blue and has a rectangular shape with rounded corners. The text "Metal end of porcelain post" is written in black font on the blue surface of the container.

Metal end of porcelain post
